Introduction
Welcome to the Corflu Pangloss Auction Catalog! Corflu has a long tradition of raising funds to support the convention by selling and auctioning off vintage science fiction fanzines before, during and sometimes after the convention. As Corflu is a convention devoted to fanzines and the fans who create them, it has always been a natural place to buy, sell or trade zines, and the live auction has often raised very impressive sums.

For the 39th issue of the convention, taking place October 21st to 23rd, 2022 in Vancouver, British Columbia, we have taken a new approach. For more than a decade, the convention has been connected to fans around the world through various Internet platforms, and fans in other cities – and on other continents – have tried to participate in the live fanzine auction. But they have frequently been thwarted by the delay involved in bouncing their bids off a satellite.

Also, it takes a long time to auction off the dozens of fanzines which are typically donated for sale -- more than 2 hours of the Saturday afternoon program. Most years, the auction only breaks up when people insist on leaving for dinner. We have other things we wanted to do with that time at Corflu Pangloss.

By creating this catalog of auction items and publishing it some weeks in advance of the convention, we hope to allow fans not attending Corflu Pangloss to participate. Anyone interested in buying is invited to send their bids by email to fanmailaph@aol.com by midnight, Pacific daylight time on October 22nd, 2022.

The 80 lots of vintage and collectible fanzines presented here will also be on display at the convention, and bids may be submitted at the con using the sheet provided with the catalog. The results will be tabulated on the morning of October 23rd, and members actually attending the convention can pay for and pick up any items they win Sunday afternoon. Winners in other locations will receive an invoice including the cost of shipping their item; anyone spending $100.00 or more will receive free shipping.

A Sealed Bid Auction
Because this will not be a “live” auction, bids will be handled somewhat differently. In short, Corflu Pangloss will conduct a “Sealed Bid Auction,” in which buyers submit a single
offer for the various lots they want to buy; all bids are “opened” at the same time, and the highest offer prevails.

However, in this auction, **the amount which you actually pay is determined by the value of the next highest (losing) bid:**

- If the second-place bid is **$20.00 or less**, we’ll **add just $1.00** to that to determine the final bid.
- If the second-place bid is **over $20.00**, we’ll **add $5.00**.
- If the second-place bid is **$50.00 or more**, we’ll **add $10.00** to determine the winning bid.
- **If no one else bids** on a given lot, the most you can be charged is **twice the minimum bid**. (If your offer is less than that, you’ll be charged the amount of your bid.)

For example, if you submit a $50 bid for an item, and the next closest bid was only $25.00, you pay just $30.00, or the amount of the losing bid plus $5.00.

This method can often inspire very generous bids, because the buyer can hope that they will only pay a fraction of their offer. However, it is an extremely dangerous game to assume that no one will approach the amount of your bid; you are liable for the full amount of your offer, even if it is most unlikely you will pay exactly that amount.

The hope behind this system is that winners will not have to pay more than they would if they were in a live auction and could outbid their opposition by a matter of a few dollars. All minimum and subsequent bids must be made in American dollars. Bids may be paid through Paypal to the same email address, fanmailaph@aol.com. An address for personal checks and postal money orders will be made available on request. Canadian currency will be accepted at the convention only, and we’ll worry about the exchange rate then. If you have further questions on how to bid, feel free to contact me.

**Acknowledgments**

The 80 lots listed here represent a wide cast of fan writers and artists active across 80 years of fan history. We are the proud recipients of their generosity, as nearly everything in this auction was sent to its numerous recipients free of charge or in exchange for a few sticky quarters. I am also grateful to the various fen who have carefully preserved these fanzines across the decades, only to make them available for me to auction. And the fact that some of them come from friends no longer with us increases their Timebinding value. Fanzines listed here were collected by Elinor Busby, Randy Byers, Gordon Eklund, Jane Hawkins, Kim Huett, Jerry Kaufman, Joe D. Siclari and Suzle Tompkins.

Overview, Lots #1 - #10, Ā BAS, Boyd Raeburn, 1954-1959

Auction lots #1 to #10 each include a single issue of Ā BAS, a general-interest fanzine published by Boyd Raeburn out of Toronto, Ontario. Boyd Raeburn (1927-2001) was a native of New Zealand who emigrated to Canada and became active in fandom in Toronto in the early 1950s. He was part of a group that called itself the “Derelict Insurgents,” and which reactivated Toronto fandom after World War II. Ā BAS was originally listed as a “Derelict Insurgent Publication,” but after the initial rush of near-weekly issues in 1954, Raeburn emerged as the sole editor.

Most references state that Ā BAS ran for eleven issues between January 1954 and February, 1959, for the simple reason that the last issue was clearly identified as #11. However, according to an index published in Volume 3, No. 3 (whole number 10), there were at least ten issues published prior to Ā BAS #5, which was mailed in early 1955. At some point in 1955, Raeburn abandoned the “Volume” designation, and as of #5, used a single (but inaccurate) number to identify each issue. Ā BAS was nominated for the Hugo Award for Best Fanzine in 1956.

These ten lots include three issues from the early volumes, when the fanzine appeared every week to ten days, and all of the larger issues numbered from #5 to #11. They were originally mailed to Seattle fan F. M. Busby. After Buz died in 2004, Elinor Busby carefully set these aside from the great majority of their fanzine collection, which was then sold to another Seattle fan. They were salvaged from Elinor’s storage when she moved into nursing care and earmarked for a worthy fannish purpose.

Overview, Lots #21 - #23, SHANGRI L’AFFAIRES #51 - #53, John Trimble and Betty Jo “Bjo” McCarthy, 1960
Auction lots #21 - #23 include issues of SHANGRI L’AFFAIRES, edited by John Trimble and Betty Jo “Bjo” McCarthy (later Trimble) for the Los Angeles Science Fantasy Society, then resident at 2548 12th Street in Los Angeles.

SHANGRI L’AFFAIRES was the “Official Organ” of the Los Angeles Science Fantasy Society. Published from very late 1940 to the 1980s, it was one of the first and best “clubzines,” a term for a fanzine produced by and for members of a science fiction club and financed through the club’s treasury. SHANGRI L’AFFAIRES quickly grew from a single sheet bound with one of several other titles to a popular general-interest fanzine that often exceed 40 pages in length, and featured work from fans and pros well-removed from Los Angeles. Forrest J Ackerman was its founding editor, but he soon passed the job onto a series of well-known fans including Walter Daugherty, Charles Burbree and Francis Towner Laney. From the late 1940s through the mid-1950s, it appeared sporadically. But in the late 1950s, club members pooled their funds to purchase a state-of-the-art Gestetner mimeograph. Under co-editors John and Bjo Trimble, and later Fred Patten and Ted Johnstone, “Shaggy” became extremely popular, so much so that distribution was eventually restricted to club members, contributors and those who sent letters of comment; the huge number of fanzines received in reply made it impossible to continue “trading” with every fanzine publisher. In the late 1960s, editor Ken Rudolph published a series of even larger and more elaborate issues, but this energy inevitable waned, and the title was eventually let go in favor of the more newsletter-like De Profundis in the 1980s.

Overview Lots #27 - #34, ALGOL #21, #23 - #29, Andy Porter, 1973 - 1977
Auction lots #27 - #34 include single issues of ALGOL, a science fiction fanzine published by Andy Porter, out of New York City. Andy became active in fandom around 1960 and has published a large number of amateur and professional titles, including the newszine S.F. WEEKLY from 1966 to 1968, METROFAN, TWENTIETH CENTURY UNLIMITED, MONADNOCK and DEGLER! He also published the semi-professional SCIENCE FICTION CHRONICLE, which won two Hugo Awards. Lot #50, **WARHOON #28 - Walt Willis collection, Richard Bergeron, 1978**

Auction lot #50 includes the 28th issue of **WARHOON**, a fanzine published **Richard Bergeron** out of New York, NY. Although this is numbered as just another issue of Bergeron’s genzine, #28 is in fact a large hardcover book, collecting virtually all the writing of legendary Irish fan **Walter A. Willis** (1919-1999) to that date. This is one of the most prized amateur publications ever produced by science fiction fandom. Bergeron was a successful professional in the advertising industry, and also produced unique art for science fiction fanzines. His long-running general-interest fanzine **WARHOON** was his most famous title, but he also produced **SERENADE, VOX** and **WIZ**, and was a member of both **SAPS** and **FAPA**. He was always somewhat reclusive and had relatively little face-to-face contact with other fans. In the mid-1980s, he became involved in a series of destructive feuds, some of which had a broad impact on fandom, and he seems to have ceased all fan activity by 1990.

This copy formerly belonged to F. M. and Elinor Busby.

SKY HOOK was a high point of the field in the 1950s, presenting a mixture of humorous and critical material. Dick Geis called it “the only literate fanzine.” Boggs was nominated for the Hugo Award for Best Fan Writer in 1955, SKY HOOK was nominated as Best Fanzine in 1956 and his critical fanzine DISCORD was nominated as Best Fanzine in 1961. He was a particularly prolific contributor to FAPA and submitted 76 issues of his latter-day fanzine SPIROCHETE there, as well as several other titles. **Overview**

Lots #57 - #59, EN GARDE! #7 & #8, Abby Lu & Al Ashley FAPA fanzine, 1943; NOVA #3, Al Ashley/E.E. Evans, Winter 1944

Auction lots #57 - #59 contain three fanzines published by Al Ashley and E. E. Evans out of Battle Creek, Michigan. The Ashleys owned the original “Slan Shack,” a house shared by a number of science fiction fans, who eventually moved en masse to Los Angeles. EN GARDE! was notable for the airbrushed cover art, which were created one at a time by Jack Wiedenbeck. The 17 issues of the fanzine appeared between March 1942 and July 1946. The last issue was submitted to the “Pacificon Combizine” and distributed at the 1946 World Convention.

Edward Everett Evans was an active fan from the mid-1930s and the author of a respectable number of stories in the pulp fantasy vein. Because he entered fandom after the age of 40, he was forever seen as its “Grand Old Man” and published a number of “classy” (but honestly rather boring) offset-printed fanzines including THE TIMEBINDER. There were a total of three issues of NOVA, published in November 1941, May 1942 and Winter, 1943-1944.

Overview

Lots #67 - #69, ODD #18 - #20, Ray & Joyce Fisher, 1968 - 1969
Auction lots #67 - #69 consist of single issues of ODD, a science fiction fanzine edited by Ray and Joyce Fisher, out of St. Louis, Missouri. Raymond “Duggie” Fisher (1935-1988) began publishing ODD as a 14-year-old in Poplar Bluff, Missouri, and produced 13 issues through 1952. He had curtailed his fan activities after either witnessing or being involved in several exchanges that might be called feuds; but when he married Joyce Worley in 1956, her attraction to fandom would gradually pull him back into active participation as well. They published 7 issues of ODD together from 1965, earning a nomination for the Hugo Award in 1968. Issue #20, in the summer of 1969 would be the last; the pair also chaired the 1969 World Science Fiction Convention in St. Louis and hosted ongoing Saturday fan gatherings throughout the period.

Joyce Worley Fisher Katz (1939-2015) entered fandom in her native Missouri, and saw issues of the first run of ODD as a pre-teen neighbor of Ray Fisher in the early 1950s. After her divorce from Ray Fisher, Joyce would marry Brooklynian Arnie Katz, and collaborate with him and their circle of friends in the publication of a seemingly infinite number of fanzines, including FOLLY, SWOON, WILD HEIRS and QUIP. She was also a pioneer in the field of electronic gaming journalism.

Charles Burbbee was highly active in fanzine fandom in the 1940s and his acerbic, comic tone influenced several generations of fan writers. He was credited with the invention of sex by reverent disciples, although most fans are aware that the credit for this should go to Bob Tucker. His fan activity declined steadily after 1950, but he remained a member of FAPA into the 1980s, and he was
“rediscovered” by the Las Vegas fandom of the 1990s. They made him one of their revered elders, and republished this and a second volume of his fan writing.

Overview

Lot #80, STARLING #37, Hank & Lesleigh Luttrell, July 1979

Lot #80 includes issue #37 of STARLING, a general-interest fanzine edited by Hank & Lesleigh Luttrell out of Madison, Wisconsin. Hank Luttrell and Lesleigh Couch became active fans in Missouri in the 1960s. Lesleigh was a second-generation fan; her parents Leigh and Norbert Couch were members of “First Fandom.” Hank and Lesleigh met while still in high school; and as college students, they helped found the Missouri Science Fiction Association. Lesleigh was the first fan to travel to Australia through the Down Under Fan Fund (DUFF) in 1972. The two relocated to Madison, Wisconsin in the early 1970s, and helped organize nascent fan activities there. Hank’s book and comic store, “20th Century Books,” has been an institution in several locations around Madison for more than thirty years and persists online today.

STARLING #1 appeared in February 1964, with Georgia fan Tim Eklund as its primary editor and publisher, and Hank Luttrell and Roger Alan Cox as co-editors. That arrangement continued through issue #2 in July. Hank confirmed (in 2020) that STARLING #3 (October 1964) was the first fanzine he published on his own, although he had previously contributed a personal fanzine to N’APA. Lesleigh Couch became co-editor with issue #12 in June 1968. She became Lesleigh Luttrell just before issue #14 in May 1970. The fanzine continued through 37 issues; the last appeared in July 1979, with a memorable cover illustration by underground comic artist Dennis Kitchen. STARLING was nominated for the Hugo Award for Best Fanzine in 1973.
